Vestegnens sprog- & kompetencecenter (VSK) offers Danish language courses at all levels for adults.

All foreigners moving to Denmark are entitled to free Danish language education within the first 3 years of their stay in Denmark.

The courses are provided to give students the possibility to learn Danish, allowing them to integrate more easily into the Danish society.

VSK offers three different courses, Danish 1, Danish 2 and Danish 3. The students own language skills and learning capabilities are the determining factors when deciding which of the courses will be best suited. This assessment is done at a meeting with a student counsellor, and will be based on a language test if necessary.

We offer You:

- Classes mornings, afternoons and evenings
- The use of a study centre, where you can come anytime.
- Guidance for career or further education.

Courses:

- Danish as a second language: courses 1, 2 or 3.
- Online classes for those students, who are unable to attend classes at the Language Centre.
- Intensive classes for fast learners
- Pronunciation classes
- FVU – special training to improve your skills in reading and writing.

We conduct exams in Danish 1, 2 and 3, the Citizenship Test, the Immigration Test and The Active Citizen Exam.

Registration:
